

## D900H SOFT SERVE MACHINE

The D900HP is the premier soft serve machine for all dessert concepts. The D900HP includes our novel hopper mixing system that allows the user to adjust the hopper mixing time to prevent over agitation of the product in the hoppers. The D900HP also offer independently adjustable digital hopper temperature controls through a simple, user-friendly, interface that greatly reduces the complexities of being a machine operator. The D900HP runs consistently throughout the day, offering customers a smooth and creamy product with every serving.
